Dec 13: 1915-

My dear Mr President

I heard the following last night-

"M. Bibit a Lecturer - French, Jr. Univ. left on two days notice in August and is now at the front. His wife living on Broadview Ave is without money. She has received nothing from the salary paid to her husband - \$500. Prof. Squair has offered to try to get \$250 a year for her"

Very sincerely

My dear Dr. Wright:

I regret very much that I did not know earlier about the condition of Madame Bibet. Monsieur Bibet left early for the front without saying a word to us. Professor Squair endeavoured to get his sister-in-law to do some of the work, and the appointment was made, but she was unable to perform the duties. It is only since the last meeting of the Board of Governors that I heard of Madame Bibet's destitution. To-day I intend to bring the matter up. M. Bibet was only a temporary instructor and his salary with us was only \$500. I think that it is altogether probable that the Governors will accept my recommendation of the amount to Madame Bibet.

With kind regards and best wishes for the New Year,

I am,

Yours sincerely,

President.
